***Questions for Discussion:***

What are your thoughts about God? Do you consider Him to be a "moral monster?"

How would you help someone with such thoughts to more accurately understand Him?

What is your assessment of the non-Christians you know:

- Are they trying to hide from God? If so, what does that look like?
- Are they living their sinful lifestyle out in the open, in defiance of God?

How would you respond to such people to help them consider Jesus Christ as their Savior?

Has God ever "uniquely" led you? If so, what was unique about how He did it?

Did you experience any ridicule from anyone in the midst of His leading you?

What are some standards of God that some Christians might not take seriously?

Why do you think they don't heed His warnings?

Are there people you know that you would be tempted to think they are beyond hope?  
If so, why?

Take time as a group to pray for these people during your meeting.
